

FastPette V2™ and FastPette Pro Pipette Controllers

The FASTPETTE PRO- lightweight and ergonomically shaped motorized pipette controller designed for work with glass or plastic serological pipettes from 0.5 to 100 ml range. Conveniently positioned switches allow choosing different operation modes and speed depending on the volume of the serological pipette and liquid viscosity. Additionally aspirating and dispensing speed is controlled through two comfortable finger triggers.

When fully charged, the NiMH batteries enable up to eight hours of continuous use. The large LCD display indicates the battery status along with the pipetting mode and speed selected. In order to protect the device against overfilling the FASTPETTE PRO is equipped with a 0.2 μ m PTFE filter. The filter, the pipette holder and the nosepiece are autoclavable. The FASTPETTE PRO is also supplied with the universal battery charger, an additional hydrophobic 0.2 μ m filter and a two-position charging stand.

The FastPette V2 was designed with the user in mind. It has a lightweight handle with smooth push-button and ergonomically located switches. An updated valve control system allows very fine control. Battery powered, this pipette controller works with glass and plastic pipettes in the 1 to 100 ml range.

When fully charged, the FastPette V2 can be used continuously for over 2,000 pipetting cycles. A low battery warning light indicates that the unit should be recharged. Should the charge run out while working with the pipette, simply attach the power supply and continue to use.

CAT NO.	DESCRIPTION
P2000	FastPette V2 with three 0.2 μ m filters, wall hanger and charger, universal power supply*
P2002	FastPette Pro pipette controller with two-position charging stand, universal power supply* and additional 0.2 μ m filter
P2021	Replacement silicone pipette holder
P2023	PTFE autoclavable filter 0.2 μ m, pk/5
P2024	PTFE autoclavable filter 0.45 μ m, pk/5
P29052	Nosepiece for FastPette Pro
P29054	Pipette Holder for FastPette Pro
P29055	Two-position charging stand for Fastpette Pro
P2028	Wall hanger for FastPette V2
P2029	Bench stand for FastPette V2

* Universal power supply is suitable for US, EU, UK and AU
